Remarks

Welcome to 3453 Rhea St., perfectly situated in a quiet neighborhood directly adjacent to the beautiful Dolph Park Nature Area. Step outside your front door and onto miles of scenic hiking trails. This ideal location offers the best of both worlds-peaceful natural surroundings while being less than three miles from downtown Ann Arbor and under a mile from I 94 for easy commuting. Inside, you'll find a cozy family room that opens into a spacious kitchen and dining area, creating a warm and functional main level. A convenient half bath and first floor laundry add to the home's everyday comfort. Upstairs, the large primary suite features its own bathroom and walk in closet. The second bedroom is generously sized and can easily be converted back into two separate rooms if desired. The daylight basement is filled with natural light and has already been drywalled, with plumbing in place for a future full bathroom-offering excellent potential for additional living space. Outside, enjoy a private yard with a tall fence and a secluded deck perfect for relaxing. Schedule your showing today and experience the charm and convenience of this Ann Arbor gem.
